👤 PROFILE

I am a driven and ambitious lady with a passion for learning and growth, as evident from my interest in web development and online platforms. My curiosity and enthusiasm for exploring new technologies and strategies are inspiring, and my commitment to self-improvement is commendable. With my eagerness to share experiences and insights, I am a collaborative and supportive individual who values connections and community. Whether through coding, storytelling, or discussing important topics, i bring a unique perspective and energy to the conversations i engage in.

🎓 EDUCATION

01/2022 – 07/2024 **Health Information Management**
Kintampo, Bono-East, Ghana College Of Health and Well-Being

09/2016 – 06/2019 **WASSCE (General Science)**
Kumasi, Ghana Kumasi Wesley Girls' High

👜 PROFESSIONAL EXPERIENCE

- 05/2025 – present
Accra, Ghana

MEST Africa
Frontend Developer Trainee

 - Collaborated in cross-functional teams to develop full-stack web applications using React, Tailwind CSS, Mongo Db, Node.js, and Express.
 - Built responsive UIs with Tailwind CSS, ensuring mobile-friendly performance and accessibility.
 - Participated in Agile development practices including sprint planning, peer code reviews, and daily stand-ups.
 - Conducted usability testing and incorporated feedback to improve user experience.
- 10/2024 – 10/2025
Kumasi, Ghana

Maternal and Child Health Hospital
National Service

 - Maintained and updated health information systems, ensuring accurate patient data entry and reporting.
 - Supported digital transformation efforts by digitizing patient records and managing electronic medical data.
 - Attending the validation meeting was a critical step in ensuring our proposed health initiative was robust and evidence-based. I contributed by providing on-the-ground insights and collaborating with colleagues to refine the data and methodology.
 - Educated patients and community members on maternal and child health initiatives through outreach programs.

- Assisted with compiling weekly data reports for management and policy decisions.

10/2024 – 11/2024
Bekwai, Ghana

Ghana Health Service Outreach Supervisor

- Led community outreach efforts focused on public health education, vaccinations, and screening exercises for Polio Myelitis.
- Supervised field teams and coordinated logistics for health interventions.
- Collected and analyzed field data to support regional health strategies.
- Facilitated communication between healthcare teams and rural communities to improve program reach.

SKILLS
